## SUMMARY

I want to become a great IT professional. To fulfill this objective I attended Le Wagon Bootcamp (full-time) Lisbon which I have graduated in July 2020 ( batch #419).

I am looking forward to my next big challenge where I can deepen the skills I acquired, work in meaningful products, and become an active member of the tech community.

## KEY SKILLS

Ruby | Ruby on Rails | ES6 | CSS | Bootstrap | HTML | SQL | GIT | Heroku | REST APIs | Svelte | Unit Testing | Operations' management | Handling sensitive & legal issues | Customer service |

## WEB PROJECTS (Le Wagon)

**Balancer** - Web application used to connect entrepreneurs with investors. (Built with Ruby on Rails, ES6, Bootstrap, PostgreSQL, and HTML/CSS. The project also featured Stripe Payments integration and images hosted in Cloudinary). <http://www.balancer.online/>

**Birou** - Market place to rent coworking spaces (Built with Ruby on Rails, ES6, Bootstrap, PostgreSQL, and HTML/CSS. The project also featured booking systems and images are hosted in Cloudinary). <http://birou.herokuapp.com/>

## WORK EXPERIENCE ( Highlights)

**Delpero Freight, Lisbon - Portugal (remote) / Junior backend developer - Internship**

AUG 2020 - Current

Joined the Delpero Freight project on DonateCode.com platform.

Currently developing REST APIs using Ruby on Rails to support a client-facing React application. Participating in feature design and development.

## Honey Truffle, Dublin - Ireland / Operations Manager

SEP 2018 – SEP 2019

Oversaw all business operations, including hiring, training, and management. Crafted schedules based upon team member's strengths and capabilities, responsible for a team of 14 employees.

## 10 St. Stephens Green, Dublin - Ireland / Operations Manager

NOV 2014 – AUG 2018

Initially hired as a Staff Supervisor, a position I held at the beginning of my employment. Due to my good social and management skills, I was swiftly promoted to manage a team of 20 employees of the same establishment within a year.

## Universidade do Vale do Itajaí, Itajaí, Brazil / Legal Assistant

OCT 2012 – JUL 2014

Reviewed an average of 40 students' financial contracts per week, proofed documents, and went to law courts to register claims weekly.

Effective communicator across all levels of the organization, able to prepare communications with cultural sensitivity and emotional intelligence.

## EDUCATION

### Le Wagon Coding Bootcamp / Full Stack Web Developer

MAY 2020 – JUL 20, Lisbon

Nine weeks intensive coding bootcamp learning Ruby on Rails, HTML, CSS, Bootstrap, ES6, SQL, Git, GitHub, Heroku.

The course focused on programming in Ruby and ES6, web technologies and particular integrations provided by the Rails platform.

### Universidade do Vale do Itajaí / Degree in Law

2009 – 2014, Itajaí, Santa Catarina, Brazil

My final year project was focused on research about e-commerce in relation to the existing customer law. At that time, in Brazil, no comprehensive legislation on this relationship existed.

After passing the bar exams, I became a state-recognized Solicitor/Attorney.

## LANGUAGES

Portuguese / Native

English / Full professional proficiency (C2)

Spanish / Intermediate (B2)

French / In progress (A2)
